SENATE RESOLUTION 191—RECOGNIZING THAT THE OCCURRENCE OF PROSTATE CANCER IN AFRICAN-AMERICAN MEN HAS REACHED EPIDEMIC PROPORTIONS AND URGING FEDERAL AGENCIES TO ADDRESS THAT HEALTH CRISIS BY DESIGNATING FUNDS FOR EDUCATION, AWARENESS OUTREACH, AND RESEARCH SPECIFICALLY FOCUSED ON HOW PROSTATE CANCER AFFECTS AFRICAN-AMERICAN MEN

Mr. KERRY (for himself, Mr. CARDIN, Mr. BURRIS, Ms. LANDRIEU, and Mrs. BOXER) submitted the following resolution; which was referred to the Committee on Health, Education, Labor, and Pensions:

S. RES. 191

Whereas the incidence of prostate cancer in African-American men is 60 percent higher than in any other racial or ethnic group in the United States;

Whereas African-American men have the highest mortality rate of any ethnic and racial group in the United States, dying at a rate that is 140 percent higher than other ethnic and racial groups;

Whereas that rate of mortality represents the largest disparity of mortality rates in any of the major cancers;

Whereas prostate cancer can be cured with early detection and the proper treatment, regardless of the ethnic or racial group of the cancer patient;

Whereas African Americans are more likely to be diagnosed at an earlier age and at a later stage of cancer progression than all other ethnic and racial groups, thereby leading to lower cure rates and lower chances of survival; and

Whereas according to a paper published in the Proceedings of the National Academy of Sciences, researchers from the Dana Farber Cancer Institute and Harvard Medical School have discovered a variant of a small segment of the human genome that accounts for the higher risk of prostate cancer in African-American men: Now, therefore, be it

Resolved, That the Senate—

(1) recognizes that prostate cancer has created a health crisis for African-American men; and

(2) urges Federal agencies to designate additional funds for—

(A) research to address and attempt to end the health crisis created by prostate cancer; and

(B) efforts relating to education, awareness, and early detection at the grassroots level to end that health crisis.

Mr. KERRY. Mr. President, I invite my colleagues to celebrate Father's Day by cosponsoring a Senate resolution supporting men's health by recognizing that the occurrence of prostate cancer in African American men has reached epidemic proportions. The resolution also urges Federal agencies to address the health crisis by designating funds for education, awareness outreach, and research specifically focused on how prostate cancer affects African-American men.

Prostate cancer affects thousands of American men each year and is currently the second leading cause of cancer related deaths. This cancer strikes 1 in every 6 men, making it even more prevalent than breast cancer, which strikes 1 in every 7 women. Last year alone more than 186,000 men were diagnosed with prostate cancer and more than 28,000 men died from the disease.

The incidence rate of African-Americans is 60 percent higher than any other racial or ethnic group in the U.S. African-Americans are more likely to be diagnosed at an advanced stage and thus have higher mortality rates than any other group.

That is why the Resolution recognizes prostate cancer's prevalence and debilitating impact within all communities, but especially for African-Americans, and urges Federal agencies to direct funds toward efforts to address this particular population.

Sensors CARDIN, BURRIS, LANDRIEU and BOXER join me in introducing this resolution. Congress must take the lead in fighting prostate cancer. I hope all of my colleagues can support this resolution, as it calls for better education and research that will ensure the health of our Nation's fathers, brothers, and sons.

Whereas the United States and Mongolia signed an agreement to increase cooperation in preventing trafficking in nuclear technology on October 23, 2007;

Whereas, during the October 2007 visit by then-President Enkhbayar to Washington, DC, the United States and Mongolia agreed to a Declaration of Principles for further cooperation between both countries, including a commitment to expanded development and long-term cooperation in political, economic, trade, investment, educational, cultural, arts, scientific and technological, defense, security, humanitarian, and other areas;

Whereas the people of Mongolia completed a free, fair, and peaceful democratic election on May 24, 2009, which resulted in the election of opposition Democratic Party candidate Tsakhiagiin Elbegdorj;

Whereas Secretary of State Hillary Clinton announced on June 9, 2009, with the Minister for Foreign Affairs and Trade of Mongolia, S. Batbold, that the United States is "committed to supporting the government and people of Mongolia as they seek assistance to develop, as they continue their democratization, and as they reach out to the rest of the world"; and

Whereas the United States Government and the Government of Mongolia share a common interest in promoting peaceful cooperation in Northeast Asia and Central Asia: Now, therefore, be it

Resolved, That it is the sense of the Senate that—

(1) the growing partnership between the democratic governments and peoples of the United States and Mongolia deserves acknowledgment and celebration;

(2) the democratic election and peaceful transition of power in Mongolia is an important demonstration of the continuing commitment in that country to democratic reform and represents a significant achievement for that young democracy;

(3) the United States Government encourages further economic cooperation with the Government of Mongolia, including, as appropriate, enhanced trade and investment to promote prosperity for both of our economies;

(4) the United States Government should continue to work with the International Monetary Fund, the World Bank, the Asian Development Bank, and the European Bank for Reconstruction and Development to assist the Government of Mongolia in improving its economic system and accelerating development;

(5) the United States Government should continue to provide Mongolia assistance under the Millennium Challenge Compact and encourage further effective and accountable governance; and

(6) the United States Government should expand upon existing academic, cultural, and other people-to-people exchanges with Mongolia.
